The 12th annual A Class Act

Friday, October 23rd 2009

Be part of a great event that educates and entertains, provides opportunities to learn and laugh, and supports students who are striving to reach their post-secondary dreams. By participating as a sponsor of the 12th annual A Class Act, your company will be seen by up to 350 local business, professional and community leaders as a proud supporter of post-secondary education right here at home. Be it through networking with guests, or inviting preferred clients, A Class Act is a great opportunity to promote your company in the community while demonstrating your belief in the power of education. If you cannot find a sponsorship category that suits you, we would be happy to customize one with a focus on the kind of recognition that best suits your company.
