**The University of Victoria welcomes Douglas College students.**

The University of Victoria (UVic) recognizes the University Transfer program offered by Douglas College and welcomes Douglas College students each year. UVic and Douglas College, as members of British Columbia's Post-Secondary Transfer System, have enjoyed a long and successful collaboration in providing students the opportunity to begin their studies at Douglas College and through the transfer process, complete a degree at UVic.

The Transfer process recognizes courses completed at Douglas College for transfer to UVic. This makes it easy for students to transfer to UVic after completing one or two years at Douglas College. The transfer process allows a student to complete an undergraduate degree in four years, even though the student may attend two different institutions.

Current Douglas College students wishing to apply to the University of Victoria will be considered for admission if:

- they complete a minimum of 8 courses (24 university transferable credits) at Douglas College;
- they meet specific program requirements;
- they meet the admissions cut-off for the year of their proposed entrance.

For complete information on transfer credit recognized from Douglas College to UVic you may wish to visit the online British Columbia Transfer Guide website at: [www.bctransferguide.ca](http://www.bctransferguide.ca)

We wish you success in your studies with Douglas College and look forward to receiving your application to UVic in the future.

Sincerely,

Lynda Wallace-Hulecki  
Registrar and Executive Director, Student Enrolment
