Dear Douglas College Student:

On behalf of Simon Fraser University (SFU), I congratulate you on your offer of admission to Douglas College.

Douglas College and Simon Fraser University have a history of collaborating in a mutually beneficial agreement that provides educational opportunities to international students at our campuses. SFU is pleased to recognize the University Transfer program offered by Douglas College that allows students to transition from Douglas College to SFU.

SFU has an existing transfer agreement with Douglas College through the British Columbia Council on Admission and Transfer (BCCAT), making it easy for qualified students to transfer to SFU once they have completed one or two years at Douglas College. Transfer students who meet SFU's admission standards for the term of entry receive SFU credit for eligible university transfer coursework successfully completed at Douglas College. The transfer process allows a student to complete an undergraduate degree in as little as four years. For complete information regarding transfer courses from Douglas College to SFU, as well as a comprehensive list of courses and programs where transfer agreements have been established, please visit <http://www.bctransferguide.ca>.

A student wishing to transfer from the Douglas College University Transfer program to SFU will be considered for admission based on the following criteria:

- He or she is in the process of completing or has completed a minimum of eight courses (24 transferable units) at Douglas College
- He or she meets specific requirements for the program of interest.

Please note that admission averages vary by term. For current required admission averages, please visit <http://students.sfu.ca/admission/requirements/>.

We invite you to view the wide range of programs we offer at:  
<http://students.sfu.ca/programs/>.

We wish you every success with your studies at Douglas College and look forward to receiving your application to SFU in the near future.

Sincerely,
