

In Memory of Bonnie Cart

*Friends and family of Bonnie Cart have established the **Bonnie Cart Memorial Award of Distinction** for nursing students at Douglas College. As a nursing student in 1974, she was awarded the honour of "best bedside nurse" at Vancouver General Hospital School of Nursing. This promising beginning came to life during her career as an exceptional bedside nurse and nurse leader, where she served as an outstanding role model and mentor to practicing nurses and novice nurses alike. Recipients of the Bonnie Cart Memorial Nursing Award of Distinction will emulate her exceptional skills as a clinical nurse and nurse leader. Excellent bedside nursing care, leadership skills, and the ability to engage with clients and families in caring relationships will be qualities that recipients must demonstrate.*
